From Messy Drops to Controlled Application

A smarter way to apply scalp serum — directly where it's needed.

Traditional Application

- ✗ Serum Stays on Hair
- ✗ Uneven Application
- ✗ Messy Hands & Drips

Vs

Our Multi-Tip Applicator

- ✓ Reaches Between Hair
- ✓ Multi-Point Distribution
- ✓ Less Mess, Less Waste

Serum on the scalp. Not in your hair.

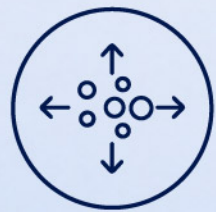

Multi-Tip Rolling Delivery

Multiple contact points help distribute liquid across the scalp while you glide.

Rolling Dispensing Tips

Controlled liquid delivery during scalp application.

Multi-Point Coverage

Covers a wider area than single-point application.

Smooth Contact

Designed for a smooth, comfortable rolling motion.
